Time standards are set as follows: 10&under and 11–12 are set as the 2021–2024 USA Swimming National Age Group Motivational Times "BB" standard. Teams with athletes entered in each day's prelims session can enter additional swimmers into the timed-final events in the afternoon session. The cuts are based on "B" standard single age.

Entry times must be official times achieved at a USA Swimming sanctioned, approved, or observed meet.

Times may be proven from LCM and SCM times converted to SCY equivalents using the formula in the current FL Swimming Standing Rules and Regulations.

Rules:	Current USA Swimming and Florida Swimming rules and regulations will apply. Coaches and officials shall wear their USA Swimming registration card in a conspicuous location while on the deck or prove current registration through Deck Pass.
Disability Athletes:	GSC encourages the participation of USA Swimming members with disabilities in this meet. Relay entry limit is two (2) per team per event. Entries that exceed either limit will be automatically dropped. The total meet entry limit will be 800 swimmers for the morning sessions and 600 for the afternoon sessions. The following criteria will be used in limiting the meet size: 1. If a team's entry is the first to exceed the limit, all of that team's entry will be accepted. 2. Entries will be accepted in the order that they are received with a priority of entry to teams that attended the 2024 GSC Holiday Classic followed by an RSVP list and then open entries to capacity. The meet will be listed as CLOSED on Florida Swimming as soon as we reach capacity on our RSVP list system. 3. If entries from more than one team are finalized at the same time, first priority for acceptance will go to Florida Swimming teams. Second priority for acceptance will be the team having the most entries. 4. Teams not accepted will be notified by phone (voice or text) or e-mail by Friday after the entry deadline and any entry fees received will be returned.

Seeding & Deck Entries	The meet will be seeded SCY seeding slow to fast. Distance events will be seeded reversed going from fast to slow, SCY. Deck entries will only be accepted for swimmers already entered in the meet and if qualifying times are proven (via SWIMS [self-entered times are not acceptable]). A swimmer may not drop an event to deck enter another event. Entries will only be accepted for known empty lanes. New heats will not be created. Entries for deck-seeded events will only be accepted if the allowable entry numbers have not been met, or the meet timeline will not be extended. If accepted, swimmers will be placed in deck-seeded events at the qualifying time and placed in the slowest heats. Deck entry forms will be available from the Admin Table. Entries must be turned in to the Admin Table with entry fee at least 30 minutes prior to the start of the session. The Meet Referee must first fill empty lanes in deck-seeded events with pre-entered and checked-in swimmers from the other gender (regardless of allowable entry numbers) and may combine the slowest heats.
Scratches:	Preliminaries: No penalty for scratching on the block in pre-seed preliminary events. Failing to swim in deck-seeded/positive check-in events will result in the swimmer being barred (scratched) from the next individual event (preliminary or timed final) in which the swimmer is entered. (Note: "Declared False Starts" may be used in any preliminary or timed final event.) Finals: Any swimmer who competes in a preliminary heat and qualifies for either championship or consolation finals must declare his/her possible intention to scratch within thirty (30) minutes of the announcement or posting of the preliminary results of that event and further declare his/her final intentions within 30 minutes of his/her last preliminary event. Scratching from finals will be declared by drawing a single line and initialing on the preliminary results maintained by the Clerk of Course/Administrative Referee. "Failure to swim" will be penalized by the swimmer being automatically scratched from their next individual final or individual event, whichever occurs first. The Referee may insert the next eligible swimmer into finals or consolation finals once a "failure to swim" is declared and in any vacant lanes resulting from the penalty. Declared false starts in finals will be considered a "failure to swim" and will draw the same penalty. In the event of illness or injury, certified to the satisfaction of the Meet Referee, there will be no penalty.

Note: Alternates wishing to swim in an open lane in finals must report to the Referee at the start area and be prepared to step on the block prior to the start of the event.
